**Winning projects** will receive certificates for the structural engineer and project team and a branded IStructE winner email footer. In addition photos of the award winners and ‘winning project’ details will be used to promote structural engineering in the Region including publication on **The Institution of Structural Engineers website**.

# Project Awards Entry Requirements

## Summary of requirements

The award entry must have a structural emphasis.

All entries must have been substantially completed by July 2019.

The team involved in any entry must be located within the boundaries of the region.

All members of the project team, including the client must have given consent for the project to be entered into the Awards.

If phases of the submitted design have been carried out by different organisations, the engineer submitting the entry must have obtained the agreement of the other parties involved. If necessary, a joint entry may be submitted.

Permission must be obtained from the photographer or other copy-right owner to use the photographs or other media submitted as part of your application. If copyright of any images belongs to another party then this must be clearly stated in your submission and images.

By submitting an entry you consent to the use of all the submitted media by The Institution of Structural Engineers Regional Group in any of its communications and for other Regional promotional material. This may include, but is not limited to print and digital marketing, PR and exhibition purposes.
